It is hereby notified that the occupancy under the Land Revenue Code and Rules thereunder of the undermentioned land for cultivation will be sold by public auction at the time and place noted below, and the property will be knocked down to the highest bidder above upset price.

2. The highest bidder will be required to deposit immediately twenty-five per cent of the amount of his bid at the time of sale, and in default of such deposit, the property will be forthwith again put up and sold.

3. The full amount of the purchase money shall be paid by the purchaser before sunset of the fifteenth day from that on which the sale of the land took place; or if the said fifteenth day be an authorized holiday, then before sunset of the first office day after such fifteenth day.

4. In default of payment within the prescribed period of the full amount of purchase money, the deposit, after defraying thereout the expense of the sale, shall be forfeited to Government, and the property shall be re-sold, and the defaulting purchaser shall forfeit all claim to the property or to any part of the sum for which it may be subsequently sold; provided that in any case in which the enforcement of this condition, may devolve undue hardship, it shall be competent to the Deputy Commissioner to submit the necessary recommendation for the orders of Government. If the proceeds of the sale, which is eventually made, be less than the price bid by such defaulting purchaser, the difference shall be recoverable from him by the Deputy Commissioner as an arrear of land revenue.

5. The sale is subject to the confirmation of the Deputy Commissioner, unless the sale proceeds are below Rs. 50, in which case, the Amildar is competent to confirm the sale after the expiry of fifteen days.

6. Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals; otherwise their bids may be rejected.

7. When the sale has been confirmed and the purchase money has been fully paid up, the purchaser will receive from the Amildar a written permission (saguvali chit) to occupy the land (Form No. 2, Appendix D, to the Rules under the Land Revenue Code).

8. Such permissions granted by the Amildar are to be considered conditional, pending the disposal of all appeals, if any, under Chapter XIII of the Land Revenue Code.

It is found that even the headings are not taken down correctly, as for instance, Column No. 6, which reads : "Whether Indigent or Not" is taken down as "Indian or not", which causes lot of inconvenience to patients in getting their batta in time, as rules do not permit payment of batta unless one is indigent (poor) and it is so stated by the Despatching Officer in his report.

SUBJECT—Intimation to be sent to the Audit Office regarding transfers to foreign service.

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 130—*T.A.D. Mis., dated* 10*th August* 1928.

To

All Gazetted Officers and

Heads of Offices.

Articles 414 and 415, Mysore Service Regulations require that every officer transferred to foreign service, should furnish to the Audit Office a copy of the order of transfer and immediately on his being relieved of his duty under Government the following details:—

(1) Date of relief of duty under Government.
(2) Substantive pay under Government.
(3) Salary in foreign service.
(4) Postal address.

He is also required to report the date on which he takes and that on which he relinquishes charge of his appointment in foreign service, and any leave taken by him while in foreign service. In the case of non-gazetted officers transferred to or from foreign service, the head of the office or department is required to send the officer's service book also to the Audit Office for noting therein details of transfer to foreign service. (*vide* Art. 456 M. S. R.)

2. In several cases, the procedure laid down in the above articles is not being followed, and in some cases payment of pensionary contribution is also delayed. Failure to intimate to the Audit Office particulars of transfer to foreign service and the omission to pay the contribution required under Art. 409 M. S. R. causes delay in the settlement of the payment of salary during leave subsequently taken and also the settlement of claims to pension at the time of retirement. As a record of the service of non-gazetted officers is not maintained in the Audit Office, the transmission of the service book is necessary to enable the audit office to note all transfers to foreign service in its books and watch the recovery of contributions due from these officers.

3. All officers and heads of offices are therefore requested to avoid the omissions pointed out above and follow strictly the procedure contained in Articles 414, 415 and 456 M. S. R. in all cases of transfers to foreign service and furnish the necessary details to the audit office and arrange for the prompt payment of contributions due.

4. In the case of non-gazetted officers who had been lent to foreign service previously or who are at present in foreign service, their service books may be arranged to be sent to this office immediately, if the particulars of foreign service recorded therein have not already been attested by this office.

SUBJECT.—Overdrawals by Local Bodies.

Cir. No. 132—*T. A. D. dated* 14*th August* 1928.

Instances have come to notice wherein Treasury Officers have cashed cheques issued by Local Bodies even where there are no balances at their credit in the Treasury with which they bank on the authority of the Note (revised) to Rule 3 of the Municipal Manual, Part II—Accounts as amended by Corrigenda No. 5 of 11th November 1927. This is irregular.

This rule in the Municipal Manual should not be construed as empowering Treasury Officers to make payments out of the Treasury to Local Bodies having a Banking Account with them even when there are no balances at their credit. The powers of the Treasury Officers to make payments on behalf of Local Bodies are restricted to the available balances at their credit. They should not make any payment in excess of the balance at credit of the Local Body unless they get a special order to that effect from this office or from Government. The provision of the Account Manual referred to above merely means that an overdraft in the Banking Account or loan may be permitted in some cases but such permission has to be specifically got up by the LocalBody going up to Government or this office and cannot be given automatically by the Treasury Officer.

SUBJECT—Intimation to be sent to the Audit Office regarding transfers to foreign service.

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 130—*T.A.D. Mis., dated* 10*th August* 1928.

To—All Gazetted Officers and
Heads of Offices.

Articles 414 and 415, Mysore Service Regulations require that every officer transferred to foreign service, should furnish to the Audit Office a copy of the order of transfer and immediately on his being relieved of his duty under Government the following details:—

(1) Date of relief of duty under Government.
(2) Substantive pay under Government.
(3) Salary in foreign service.
(4) Postal address.

He is also required to report the date on which he takes and that on which he relinquishes charge of his appointment in foreign service, and any leave taken by him while in foreign service. In the case of non-gazetted officers transferred to or from foreign service, the head of the office or department is required to send the officer's service book also to the Audit Office for noting therein details of transfer to foreign service. (*vide* Art. 456 M. S. R.)

2. In several cases, the procedure laid down in the above articles is not being followed, and in some cases payment of pensionary contribution is also delayed. Failure to intimate to the Audit Office particulars of transfer to foreign service and the omission to pay the contribution required under Art. 409 M. S. R. causes delay in the settlement of the payment of salary during leave subsequently taken and also the settlement of claims to pension at the time of retirement. As a record of the service of non-gazetted officers is not maintained in the Audit Office, the transmission of the service book is necessary to enable the audit office to note all transfers to foreign service in its books and watch the recovery of contributions due from these officers.

3. All officers and heads of offices are therefore requested to avoid the omissions pointed out above and follow strictly the procedure contained in Articles 414, 415 and 456 M. S. R. in all cases of transfers to foreign service and furnish the necessary details to the audit office and arrange for the prompt payment of contributions due.

4. In the case of non-gazetted officers who had been lent to foreign service previously or who are at present in foreign service, their service books may be arranged to be sent to this office immediately, if the particulars of foreign service recorded therein have not already been attested by this office.

Notification dated 7th August 1928.

In drawing the attention to G. O. No. L. 8732-5—Med. 85-24-4, dated 9th June 1925, all Officers directing patients for Anti-Rabic Treatment at the Krishnarajendra Hospital, Mysore, are requested to send in all the details of informations required in the Form under Annexure II. It is found that even the headings are not taken down correctly, as for instance, Column No. 6, which reads: "Whether Indigent or Not" is taken down as "Indian or not", which causes lot of inconvenience to patients in getting their batta in time, as rules do not permit payment of batta unless one is indigent (poor) and it is so stated by the Despatching Officer in his report.

It is hereby notified for general information that the First Class Travellers' Bungalow at Chikmagalur, will be closed to the Public from the 15th to 18th September 1928, both days inclusive, as the same will be reserved for the use of the Hon'ble the British Resident in Mysore and party and those dates.

KRISHNARAJENDRA HOSPITAL, MYSORE.

Notification dated 7th August 1928.

In drawing the attention to G. O. No. L. 8732-5—Med. 85-24-4, dated 9th June 1925, all Officers directing patients for Anti-Rabic Treatment at the Krishnarajendra Hospital, Mysore, are requested to send in all the details of informations required in the Form under Annexure II. It is found that even the headings are not taken down correctly, as for instance, Column No. 6, which reads : " Whether Indigent or Not " is taken down as " Indian or not ", which causes lot of inconvenience to patients in getting their batta in time, as rules do not permit payment of batta unless one is indigent (poor) and it is so stated by the Despatching Officer in his report.

J. F. ROBINSON,
Medical Officer.

SUBJECT—Intimation to be sent to the Audit Office regarding transfers to foreign service.

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 130—*T.A.D. Mis., dated* 10*th August* 1928.

To—All Gazetted Officers and
Heads of Offices.

Articles 414 and 415, Mysore Service Regulations require that every officer transferred to foreign service, should furnish to the Audit Office a copy of the order of transfer and immediately on his being relieved of his duty under Government the following details:—

(1) Date of relief of duty under Government.
(2) Substantive pay under Government.
(3) Salary in foreign service.
(4) Postal address.

He is also required to report the date on which he takes and that on which he relinquishes charge of his appointment in foreign service, and any leave taken by him while in foreign service. In the case of non-gazetted officers transferred to or from foreign service, the head of the office or department is required to send the officer's service book also to the Audit Office for noting therein details of transfer to foreign service. (*vide* Art. 456 M. S. R.)

2. In several cases, the procedure laid down in the above articles is not being followed, and in some cases payment of pensionary contribution is also delayed. Failure to intimate to the Audit Office particulars of transfer to foreign service and the omission to pay the contribution required under Art. 409 M. S. R. causes delay in the settlement of the payment of salary during leave subsequently taken and also the settlement of claims to pension at the time of retirement. As a record of the service of non-gazetted officers is not maintained in the Audit Office, the transmission of the service book is necessary to enable the audit office to note all transfers to foreign service in its books and watch the recovery of contributions due from these officers.

3. All officers and heads of offices are therefore requested to avoid the omissions pointed out above and follow strictly the procedure contained in Articles 414, 415 and 456 M. S. R. in all cases of transfers to foreign service and furnish the necessary details to the audit office and arrange for the prompt payment of contributions due.

4. In the case of non-gazetted officers who had been lent to foreign service previously or who are at present in foreign service, their service books may be arranged to be sent to this office immediately, if the particulars of foreign service recorded therein have not already been attested by this office.

SUBJECT.—Overdrawals by Local Bodies.

Cir. No. 132—*T. A. D. dated* 14*th August* 1928.

Instances have come to notice wherein Treasury Officers have cashed cheques issued by Local Bodies even where there are no balances at their credit in the Treasury withwhich they bank on the authority of the Note (revised) to Rule 3 of the Municipal Manual, Part II—Accounts as amended by Corrigenda No. 5 of 11th November 1927. This is irregular.

This rule in the Municipal Manual should not be construed as empowering Treasury Officers to make payments out of the Treasury to Local Bodies having a Banking Account with them even when there are no balances at their credit. The powers of the Treasury Officers to make payments on behalf of Local Bodies are restricted to the available balances at their credit. They should not make any payment in excess of the balance at credit of the Local Body unless they get a special order to that effect from this office or from Government. The provision of the Account Manual referred to above merely means that an overdraft in the Banking Account or loan may be permitted in some cases but such permission has to be specifically got up by the LocalBody going up to Government or this office and can not be given automatically by the Treasury Officer.

COMPTROLLER'S OFFICE, BANGALORE.

SUBJECT.—Overdrawals by Local Bodies.

Cir. No. 132—*T. A. D. dated* 14*th August* 1928.

Instances have come to notice wherein Treasury Officers have cashed cheques issued by Local Bodies even where there are no balances at their credit in the Treasury with which they bank on the authority of the Note (revised) to Rule 3 of the Municipal Manual, Part II—Accounts as amended by Corrigenda No. 5 of 11th November 1927. This is irregular.

This rule in the Municipal Manual should not be construed as empowering Treasury Officers to make payments out of the Treasury to Local Bodies having a Banking Account with them even when there are no balances at their credit. The powers of the Treasury Officers to make payments on behalf of Local Bodies are restricted to the available balances at their credit. They should not make any payment in excess of the balance at credit of the Local Body unless they get a special order to that effect from this office or from Government. The provision of the Account Manual referred to above merely means that an overdraft in the Banking Account or loan may be permitted in some cases but such permission has to be specifically got up by the Local Body going up to Government or this office and can not be given automatically by the Treasury Officer.

Comptroller.

"The Registrar shall send this final list of candidates to every person entitled to vote, together with a voting paper, and shall also specify the date fixed for election and the time on the said date up to which votes must be deposited with him. Any instructions issued by the Chancellor under Rule 42 shall be also stated."

The mover did not move the Proposition and no other member desired to move it.

Dropped.

10. *Proposition.*—That the University Council be requested to recommend to the Chancellor that instructions may be issued under Ordinance 42 (page 20 of Calendar for 1926-27, Vol. I) so as to secure that at the next elections and nominations to the Senate under Section 9, Clauses (4) (*c*) and (4) (*d*), of the Mysore University Regulation, 1916 (page 8 of Calendar for 1926-27, Vol. I), not less than ten of the members so elected and nominated shall be non-officials as defined in the Mysore Representative Assembly Regulation and the Mysore Legislative Council Regulation of 1923; and also so as to secure that such

non-official members shall resign their membership of the Senate when they cease to be non-officials.

Not Moved.

Dropped.

14. *Proposition.*—That, in the opinion of the Senate, it is desirable to discourage as far as is feasible the practice, where it exists, of Professors giving lectures in the form of notes meant to be taken down verbatim by the students as it has the pernicious effect of momentarily diverting their minds from understanding to mere copying and thereafter of making them cram up the highly concentrated matter.

The mover was absent and no other member desired to move the Proposition.

Dropped.

15. *Proposition.*—That, in the opinion of the Senate, it is desirable to so adjust matters as to reduce the long summer vacation—amounting in the case of some students to 3 months—to as nearly as possible a period of 2 months to each set of students, the present long vacation being on the one hand demoralising to the students, and on the other hand necessitating their working at extra pressure during the remaining months.

It is hereby notified that in satisfaction of arrears of land revenue due by the revenue defaulters, the undermentioned immovable properties will be sold by public auction as shown below :—

The scholarships may as usual be drawn and disbursed to the scholars by the heads of of the schools concerned after obtaining due acknowledgements from them in the salary acquittance rolls of the schools.

In the case of Aided Schools the scholarship bills should be countersigned by the Inspecting Officers who are in direct charge of them before the bills are presented at the treasury for encashment.

If any of these students have since been awarded any other scholarship the fact should be reported to this Office immediately by the heads of the schools concerned since more than one Government Scholarship can not be allowed to be held by one and the same scholar simultaneously.

Circular No. 136, *dated* 1*st October* 1928.

To—All Treasury Officers and Presidents of District Boards including Kolar Gold Fields Sanitary Board.

It has been brought to the notice of the undersigned that the transactions of Taluk Treasuries on account of District Funds are recorded by some of the District Treasuries *in lump* in the District Board Pass books. The District Boards are not also calling for details for such *lump credits* but classify them as miscellaneous revenue. The procedure adopted is not correct and should be discontinued.

2. All transactions should be shown in the Pass Book in *detail, i.e.*, each item of receipt and payment (both in the District and Taluk Treasury Accounts) should be shown separately (*Vide* Art. 254 M. C. A. C. Vol. I). If any of the items entered in the Pass Book could not be traced in the District Board Accounts, the District Board should call for details and incorporate them in its accounts under the Approximate heads.

3. This circular does not apply to cesses, etc., remitted to the treasuries by the Revenue Department to the credit of District Funds. In such cases, it is sufficient if the total amount of each kind of cess for each class of Revenue is entered separately in the Pass Book.

OFFICE OF THE DIRECTOR OF AGRICULTURE IN MYSORE, BANGALORE

Notification No. 849-*Hc.* 324—28-29, *dated* 9*th October* 1928.

Selected applicants must be prepared to attend at Bombay for interview at their own expense.

The research studentships are of the value of Rs. 150 per mensem and, subject to a satisfactory report on the first year's work, will be tenable for two years but may be extended. Successful candidates will be required to devote their whole time to research work during their tenure of the studentships, will be placed under an experienced research worker actually engaged on cotton research for training in research methods and will be expected to carry out a definite investigation under general direction.

During the tenure of his scholarship a student will not be allowed to accept a scholarship from any other body or institution, nor shall he apply for any other employment without the permission of the Committee. In the event of a student resigning his scholarship before the termination of the period for which it is granted, he is liable to refund all money received from the Committee towards his scholarship.

In allocating students to the various institutions in India offering facilities for such students consideration will be given to the student's wishes, but the Committee reserve absolute discretion in this respect.

The Committee desire it to be clearly understood that no guarantee whatever of subsequent employment is given or implied by the grant of a scholarship. The Committee believe, however, that there is a demand in India for qualified research workers and will keep possible employers advised of the names and qualifications of suitable candidates.

The Committee reserve the right to withdraw the scholarship of any student whose conduct or progress is unsatisfactory.

Studentships to be awarded in 1929 are provisionally allotted to the different branches of agricultural science as follows :—

FINANCIAL DEPARTMENT.

SUBJECT—Noting, in the Savings Bank Ledgers and in the Annual Statements, of dates on which Pass Books are presented at the Treasury for entry of interest.

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 139, *dated* 18*th October* 1928.

To—All Treasury Officers.

According to Rule 45 of the Mysore Savings Bank Rules, Savings Bank Accounts, in respect of which no transactions have taken place for certain specified periods, have to be treated as "Dead" and no subsequent deposit or withdrawal can be allowed by Treasuries in the case of such accounts, without the previous orders of the Comptroller. For the purpose of this rule, the presentation of the Pass Book for the entry of interest is treated as a transaction (*vide* Note 1). At present, it is not possible for the treasury to prepare a correct list of Dead Accounts, since it keeps no record of the date on which Pass Books are presented at the treasury for entry of interest. The correctness of the list prepared by the Treasury cannot also be verified by the Audit Office for the same reason.

2. To ensure the correct preparation of Dead Account Lists by Treasuries, taking into account the dates of presentation of Pass Books for entry of interest, and to facilitate the check of such lists in the Audit Office, the following instructions, approved in Financial Secretary's letter No. Fl. 738—G. F. 8-28-2, dated 26th July 1928, are issued for the guidance of Treasuries:—

(1) The dates on which Pass Books are presented for entry of interest should be noted by the treasuries in the Savings Bank Ledgers and a certificate given at the foot of the Dead Account Lists that they have been prepared after referring to such entries in the Ledgers.

(2) In the Annual Statement sent to this office, the date on which interest for the previous year was entered in the Pass Book, should be noted against each account in the remarks column.

3. The Treasury Officers are requested to see that these instructions are invariably followed and the Dead Account Lists are prepared correctly in future.

FINANCIAL DEPARTMENT.

SUBJECT—Noting, in the Savings Bank Ledgers and in the Annual Statements, of dates on which Pass Books are presented at the Treasury for entry of interest.

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 139, *dated* 18*th October* 1928.

To—All Treasury Officers.

According to Rule 45 of the Mysore Savings Bank Rules, Savings Bank Accounts, in respect of which no transactions have taken place for certain specified periods, have to be treated as "Dead" and no subsequent deposit or withdrawal can be allowed by Treasuries in the case of such accounts, without the previous orders of the Comptroller. For the purpose of this rule, the presentation of the Pass Book for the entry of interest is treated as a transaction (*vide* Note 1). At present, it is not possible for the treasury to prepare a correct list of Dead Accounts, since it keeps no record of the date on which Pass Books are presented at the treasury for entry of interest. The correctness of the list prepared by the Treasury cannot also be verified by the Audit Office for the same reason.

2. To ensure the correct preparation of Dead Account Lists by Treasuries, taking into account the dates of presentation of Pass Books for entry of interest, and to facilitate the check of such lists in the Audit Office, the following instructions, approved in Financial Secretary's letter No. Fl. 738—G. F. 8-28-2, dated 26th July 1928, are issued for the guidance of Treasuries:—

(1) The dates on which Pass Books are presented for entry of interest should be noted by the treasuries in the Savings Bank Ledgers and a certificate given at the foot of the Dead Account Lists that they have been prepared after referring to such entries in the Ledgers.

(2) In the Annual Statement sent to this office, the date on which interest for the previous year was entered in the Pass Book, should be noted against each account in the remarks column.

3. The Treasury Officers are requested to see that these instructions are invariably followed and the Dead Account Lists are prepared correctly in future.

S. SHAMMANNA,
Comptroller.

COMPTROLLER'S OFFICE.

PRESS COMMUNIQUE.

The hundred-rupee Currency note printed in India at the Nasik Press will shortly be issued from the Madras Currency Office, and thereafter from other Currency Offices as the stock of the notes printed in England is exhausted.

2. The general appearance of the note is similar to that of the existing hundred-rupee note. The only difference is that the groundwork of the tablets on which the numbers appear is changed from the brown purple colour to a fine light green pattern in order to allow the numbers to be more easily seen.

FINANCIAL DEPARTMENT.

SUBJECT—Noting, in the Savings Bank Ledgers and in the Annual Statements, of dates on which Pass Books are presented at the Treasury for entry of interest.

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 139, *dated* 18*th October* 1928.

To—All Treasury Officers.

According to Rule 45 of the Mysore Savings Bank Rules, Savings Bank Accounts, in respect of which no transactions have taken place for certain specified periods, have to be treated as "Dead" and no subsequent deposit or withdrawal can be allowed by Treasuries in the case of such accounts, without the previous orders of the Comptroller. For the purpose of this rule, the presentation of the Pass Book for the entry of interest is treated as a transaction (*vide* Note 1). At present, it is not possible for the treasury to prepare a correct list of Dead Accounts, since it keeps no record of the date on which Pass Books are presented at the treasury for entry of interest. The correctness of the list prepared by the Treasury cannot also be verified by the Audit Office for the same reason.

2. To ensure the correct preparation of Dead Account Lists by Treasuries, taking into account the dates of presentation of Pass Books for entry of interest, and to facilitate the check of such lists in the Audit Office, the following instructions, approved in Financial Secretary's letter No. Fl. 738—G. F. 8-28-2, dated 26th July 1928, are issued for the guidance of Treasuries:—

(1) The dates on which Pass Books are presented for entry of interest should be noted by the treasuries in the Savings Bank Ledgers and a certificate given at the foot of the Dead Account Lists that they have been prepared after referring to such entries in the Ledgers.

(2) In the Annual Statement sent to this office, the date on which interest for the previous year was entered in the Pass Book, should be noted against each account in the remarks column.

3. The Treasury Officers are requested to see that these instructions are invariably followed and the Dead Account Lists are prepared correctly in future.

S. SHAMMANNA,
Comptroller.

PRESS COMMUNIQUE.

The hundred-rupee Currency note printed in India at the Nasik Press will shortly be issued from the Madras Currency Office, and thereafter from other Currency Offices as the stock of the notes printed in England is exhausted.

2. The general appearance of the note is similar to that of the existing hundred-rupee note. The only difference is that the groundwork of the tablets on which the numbers appear is changed from the brown purple colour to a fine light green pattern in order to allow the numbers to be more easily seen.

SUBJECT—Instructions in the matter of drawing and accounting of funds required by the Revenue Department in connection with the execution of Tank Maintenance Works.

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 141, *dated* 15*th November* 1928.

To

All Revenue and Treasury Officers.

Adverting to G. O. No. R. 2315-25—L. R. 312-26-5, dated 30th September 1927, authorising the Revenue Department to execute Tank Maintenance Works, and with reference to Government Order No. R. 1823-33—L. R. 373-27-2, dated 27th August 1928, directing that the entire expenditure incurred by the Amildars in connection with the maintenance of tanks should be met by drawings from the treasury and that the collections without any reservation should be paid into the Treasury, the following instructions are issued, with the approval of Government (Financial Secretary's letter No. Fl. 2781, dated 3rd October 1928) in connection with the drawing and accounting of funds required by the Revenue Department, for the purpose:—

(1) No work should be commenced until an estimate has been duly sanctioned and funds allotted therefor.

(2) The Amildar will send to the Deputy Commissioner, before the 5th of each month, a list of estimates sanctioned by him during the previous month in Form (A) enclosed. The Deputy Commissioner will forward to this office, before the 10th of each month, a consolidated list for the whole district in the same form, including therein estimates sanctioned by him and by Government.

(3) The works will be carried out either departmentally or through contractors. The details of work done against each estimate should be recorded in a Measurement Book (P. W. D. Form 11) and expenditure incurred should be recorded in a Register of Works (P. W. D. Forms 46 and 47).

(4) In the case of works carried out departmentally, the expenditure incurred from permanent advance will be recouped when necessary, and at least at the end of each month, by presenting a work bill (separately for each work) in the enclosed Form B at the Treasury after obtaining the countersignature of the Deputy Commissioner. In the case of works done by contract, funds will be drawn from treasuries on contract certificates (P. W. D. Form 24) passed by the Amildar and countersigned by the Deputy Commissioner.

(5) The following new heads will be opened in the Treasury Accounts on the disbursement side:—

"V. Local and other Funds—9 Irrigation Cess Fund.....District and W (A) Advances—22 Departmental Advances.

(*e*) Charges for works recoverable from raiyats under Tank Maintenance Rules since July 1918."

The Bills drawn from Treasuries, which will be serially numbered (separately for each work), should indicate the detailed head or heads of Account to which they should be charged in the Treasury Accounts (whether to "Irrigation Cess Fund" or to "the Advance head" or partly to both). The payments made at Treasuries will be recorded in a subsidiary register in Form C (enclosed). The recoveries from raiyats, in respect of works executed by both the Revenue and Public Works Departments, will be credited under "W. A. Advances 22 (e) Charges for works recoverable from raiyats under Tank Maintenance Rules since July 1918" in the Treasury Accounts and will be recorded in a Subsidiary Register in Form 119, Mysore Civil Account Code, Vol. II. The challans should contain reference to the sanctioned estimate and date of completion of work. Copies of the subsidiary registers, with the connected vouchers and challans, will be sent to the Account Office with the monthly accounts.

(6) In the case of estimates sanctioned by the Deputy Commissioner and Government, a completion report (P. W. D. Form 95) for each work will be prepared and sent to the Deputy Commissioner for scrutiny and transmission to this office. With regard to other works, a monthly list of works completed (P. W. D. Form 97) will be sent to this office through the Deputy Commissioner, before the 10th of the succeeding month. The report and the list should contain a certificate that the outlay incurred has been taken to the D. C. B. Registers of the Taluk and District Offices and action has been taken for its recovery from the raiyats.

(7) As, under the revised procedure, outlay will be incurred by both the Revenue and Public Works Departments, it is necessary that in the D. C. B. Register (*vide* page 141, District Office Manual, Part II and Appendix I, Mysore Taluk Manual, Part II), the tansactions pertaining to works executed by the Revenue Department and those relating to works carried out by the Public Works Department, should be recorded on separate pages. To enable the District Office to post the D. C. B. Register, the Treasury will send to the Deputy Commissioner one copy of the subsidiary registers of receipts and payments. A monthly plus and minus memo (by taluks), in Form D (enclosed), duly verified with the Treasury Accounts, will be sent by the Amildar to the Deputy Commissioner before the 5th of the following month, for scrutiny with the entries of the subsidiary registers received direct from the Treasuries and with the postings in the D. C. B. Registers maintained in the District Office. The Deputy Commissioner will prepare a consolidated plus and minus memo (by taluks) in the same form and transmit the same to this office before the 10th of the following month, after verification with the District Treasury Accounts.

2. The required P. W. D. Forms may be obtained from the Government Press on indents.

They shall be made by the Senate either on its own motion, or on the motion of the University Council.

The Senate shall consult the University Council and the Academic Council before taking any Statute into consideration.

All Statutes shall be submitted to the Government for assent with the opinions of the University Council and the Academic Council, and it shall be open to Government to assent or withhold assent or to remit them for further consideration with suggestions of amendment.

Ordinances relating to academic matters shall be left to the initiative of the Academic Council,—all other Ordinances including those relating to administrative matters being left to the initiative of the University Council.

Ordinances passed by the University Council which cannot wait will come into operation from such date as the Council may appoint, but all Ordinances passed by the Council shall be submitted to the Senate at the next meeting of that body for consideration. In the case

(*a*) The Senate can cancel by a two-thirds majority, or remit for further consideration with suggestions of amendment.

(*b*) All proposals of Ordinances from the Academic Council in respect of which there is a disagreement between the Academic Council and the University Council (including cases of rejection or withholding of assent by the University Council) shall be submitted to the Senate for consideration. It shall be open to the Senate to assent or withhold assent, but not amend in detail. The Senate's resolution shall then be submitted to Government.

The Board shall conduct a test audit of the accounts of the University including those of the institutions under it, and make an annual report, which shall be submitted to the Senate along with the annual accounts.

(1) A NOTE OF DISSENT ON THE REPORT OF THE UNIVERSITY RE-ORGANISATION COMMITTEE, SIGNED BY THE MEMBERS OF THE COMMITTEE ON THE 11TH OCTOBER 1928, BY MESSRS. B. VENKATANARANAPPA, M.A., AND P. SAMPAT IYENGAR, M.A., MEMBERS OF THAT COMMITTEE.

While agreeing generally with the several proposals of the Re-organisation Committee, as embodied in its final report, we beg to dissent from it in so far as the constitution and powers of the Senate and of the University Council are concerned.

The *Senate*, according to the Re-organisation proposals, will have many of its present powers curtailed so that the new Senate will assume a passive condition in which it will be required merely to assent to or dissent from the proposals made by the other Bodies of the University. The full powers of criticism which the Senate is supposed to have, however, need not necessarily disturb the equanimity of the other Bodies.

The following are the powers which the Re-organised Senate will have lost: (1) An effective voice in matters financial (2) Control over matters academic, unless, there is disagreement between the Academic Council and the University Council (3) Initiative in framing Ordinances (4) Power to recommend the appointment of additional professors or other teachers and the removal of such members of the teaching staff (Ord. 4b), (5) The consideration of the modes of awarding, etc., of fellowships, scholarships and other prizes, etc. (Ord. 4c). (6) The discussion and declaration of an opinion on any matter whatsoever relating to the University (Ord. 4a).

We are strongly opposed to the deprivation of these powers of the Senate.

There is a marked change in the *Const tution* of the Senate, the re-organised Body beginning to acquire a democratic aspect. This, we consider, is not a wise step in our present condition. The inclusion of representative persons, such as merchants and other business men who are not likely to have the right kind of interest in matters *academic*, will be inimical to the growth of the University on right lines. The smooth working of the Senate, as at present constituted, will have to give place to turmoil and confusion owing to 'vested interests.' We are also afraid that if such democratisation were to be allowed, it may lead to communal and other representations in the Senate, as in the representative Assembly.

According to the Re-organisation proposals, the Senate will have no power of *initiating* Ordinances. They are left to the University Council and the Academic Council. Those initiated by the former will go before the Senate, only for assent or for dissent; but those initiated by the latter need not at all go before the Senate if the University Council accepts them. This is not all: The University Council will have power to set its Ordinances at work even before the Senate has had any knowledge of them. With regard to the Statutes even, some of which the Senate is supposed to have power to initiate, it shall have to consult the University Council and the Academic Council before taking any Statute into consideration. This means that the two Councils by sufficiently delaying to give their opinions on the proposed Statutes, may put off the passing of such Statutes. As regards the Senate's financial responsibilities they are reduced to a minimum. The Senate can pass resolutions on the Budget Estimates and send them to the University Council, which, however, has power to set all of them at naught, if it is so minded.

We are strongly of opinion that the Senate should be the final passing authority of all Statutes, and of all Ordinances in the University whether initiated by the one Council or the other. It should also be the final sanctioning authority in the University, of the Budget Estimates, previous to their being submitted to Government. If this is recognised, there is no necessity for a Committee of Reference.'

The Univesity Council, according to the re-organisation, will be the most powerful Body in the University. It will have almost full control over the purse, the other Bodies being entitled merely to give suggestions which the University Council may or may not accept.

As regards the *constitution* of the University Council, we are of opinion that the Principals of Colleges ought not to be its *ex-officio* members, for the reason that when they are present, the University Council will feel it delicate to discuss matters touching the affairs of these institutions.

BANGALORE,
20th October 1928.

(2) A NOTE OF DISSENT ON THE REPORT OF THE RE-ORGANISATION COMMITTEE SIGNED BY THE MEMBERS OF THE COMMITTEE ON THE 11TH OCTOBER 1928, BY MR. S. V. VENKATESWARAN, MEMBER OF THAT COMMITTEE.

I regret I have to differ on certain points of detail which, I believe, are of some importance.

1. The Senate should, in my opinion, include representatives of the Legislative Council and the Representative Assembly.

2. I would reduce the strength and the work of the University Council. I do not think it necessary or desirable that the Principals of Colleges should be ex-officio members of this body. The Council may be relieved of a great deal of routine work by vesting powers in the Vice-Chancellor as regards some of the administrative details, and in the Principals and the Councils of the Constituent Colleges in regard to some details of the academic work.

3. I would add 'Standing Committee of the Academic Council' 'College Councils' and 'Students' Representative Councils' to the Boards and Committees mentioned in IV (b) 10 (p. 4).

4. I consider it desirable that the teaching and other staff of the University [(*Vide* Section III (4)] should gradually cease to be Government servants, and that suitable Provident Fund Schemes (in lieu of pension) should be instituted by the University for the benefit of those in University Service.

SUBJECT—Instructions in the matter of drawing and accounting of funds required by the Revenue Department in connection with the execution of Tank Maintenance Works.

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 141, *dated* 15*th November* 1928.

To

All Revenue and Treasury Officers.

Adverting to G. O. No. R. 2315-25—L. R. 312-26-5, dated 30th September 1927, authorising the Revenue Department to execute Tank Maintenance Works, and with reference to Government Order No. R. 1823-33—L. R. 373-27-2, dated 27th August 1928, directing that the entire expenditure incurred by the Amildars in connection with the maintenance of tanks should be met by drawings from the treasury and that the collections without any reservation should be paid into the Treasury, the following instructions are issued, with the approval of Government (Financial Secretary's letter No. Fl. 2781, dated 3rd October 1928) in connection with the drawing and accounting of funds required by the Revenue Department, for the purpose:—

(1) No work should be commenced until an estimate has been duly sanctioned and funds allotted therefor.

(2) The Amildar will send to the Deputy Commissioner, before the 5th of each month, a list of estimates sanctioned by him during the previous month in Form (A) enclosed. The Deputy Commissioner will forward to this office, before the 10th of each month, a consolidated list for the whole district in the same form, including therein estimates sanctioned by him and by Government.

(3) The works will be carried out either departmentally or through contractors. The details of work done against each estimate should be recorded in a Measurement Book (P. W. D. Form 11) and expenditure incurred should be recorded in a Register of Works (P. W. D. Forms 46 and 47).

(4) In the case of works carried out departmentally, the expenditure incurred from permanent advance will be recouped when necessary, and at least at the end of each month, by presenting a work bill (separately for each work) in the enclosed Form B at the Treasury after obtaining the countersignature of the Deputy Commissioner. In the case of works done by contract, funds will be drawn from treasuries on contract certificates (P. W. D. Form 24) passed by the Amildar and countersigned by the Deputy Commissioner.

(5) The following new heads will be opened in the Treasury Accounts on the disbursement side:—

"V. Local and other Funds—9 Irrigation Cess Fund.....District and W (A) Advances—22 Departmental Advances.
(*e*) Charges for works recoverable from raiyats under Tank Maintenance Rules since July 1918."

The Bills drawn from Treasuries, which will be serially numbered (separately for each work), should indicate the detailed head or heads of Account to which they should be charged in the Treasury Accounts (whether to "Irrigation Cess Fund" or to "the Advance head" or partly to both). The payments made at Treasuries will be recorded in a subsidiary register in Form C (enclosed). The recoveries from raiyats, in respect of works executed by both the Revenue and Public Works Departments, will be credited under "W. A. Advances 22 (e) Charges for works recoverable from raiyats under Tank Maintenance Rules since July 1918" in the Treasury Accounts and will be recorded in a Subsidiary Register in Form 119, Mysore Civil Account Code, Vol. II. The challans should contain reference to the sanctioned estimate and date of completion of work. Copies of the subsidiary registers, with the connected vouchers and challans, will be sent to the Account Office with the monthly accounts.

(6) In the case of estimates sanctioned by the Deputy Commissioner and Government, a completion report (P. W. D. Form 95) for each work will be prepared and sent to the Deputy Commissioner for scrutiny and transmission to this office. With regard to other works, a monthly list of works completed (P. W. D. Form 97) will be sent to this office through the Deputy Commissioner, before the 10th of the succeeding month. The report and the list should contain a certificate that the outlay incurred has been taken to the D. C. B. Registers of the Taluk and District Offices and action has been taken for its recovery from the raiyats.

(7) As, under the revised procedure, outlay will be incurred by both the Revenue and Public Works Departments, it is necessary that in the D. C. B. Register (*vide* page 141, District Office Manual, Part II and Appendix I, Mysore Taluk Manual, Part II), the tansactions pertaining to works executed by the Revenue Department and those relating to works carried out by the Public Works Department, should be recorded on separate pages. To enable the District Office to post the D. C. B. Register, the Treasury will send to the Deputy Commissioner one copy of the subsidiary registers of receipts and payments. A monthly plus and minus memo (by taluks), in Form D (enclosed), duly verified with the Treasury Accounts, will be sent by the Amildar to the Deputy Commissioner before the 5th of the following month, for scrutiny with the entries of the subsidiary registers received direct from the Treasuries and with the postings in the D. C. B. Registers maintained in the District Office. The Deputy Commissioner will prepare a consolidated plus and minus memo (by taluks) in the same form and transmit the same to this office before the 10th of the following month, after verification with the District Treasury Accounts.

2. The required P. W. D. Forms may be obtained from the Government Press on indents.

SUBJECT—Instructions in the matter of drawing and accounting of funds required by the Revenue Department in connection with the execution of Tank Maintenance Works.

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 141, *dated* 15*th November* 1928.

To

All Revenue and Treasury Officers.

Adverting to G. O. No. R. 2315-25—L. R. 312-26-5, dated 30th September 1927, authorising the Revenue Department to execute Tank Maintenance Works, and with reference to Government Order No. R. 1823-33—L. R. 373-27-2, dated 27th August 1928, directing that the entire expenditure incurred by the Amildars in connection with the maintenance of tanks should be met by drawings from the treasury and that the collections without any reservation should be paid into the Treasury, the following instructions are issued, with the approval of Government (Financial Secretary's letter No. Fl. 2781, dated 3rd October 1928) in connection with the drawing and accounting of funds required by the Revenue Department, for the purpose:—

(1) No work should be commenced until an estimate has been duly sanctioned and funds allotted therefor.

(2) The Amildar will send to the Deputy Commissioner, before the 5th of each month, a list of estimates sanctioned by him during the previous month in Form (A) enclosed. The Deputy Commissioner will forward to this office, before the 10th of each month, a consolidated list for the whole district in the same form, including therein estimates sanctioned by him and by Government.

(3) The works will be carried out either departmentally or through contractors. The details of work done against each estimate should be recorded in a Measurement Book (P. W. D. Form 11) and expenditure incurred should be recorded in a Register of Works (P. W. D. Forms 46 and 47).

(4) In the case of works carried out departmentally, the expenditure incurred from permanent advance will be recouped when necessary, and at least at the end of each month, by presenting a work bill (separately for each work) in the enclosed Form B at the Treasury after obtaining the countersignature of the Deputy Commissioner. In the case of works done by contract, funds will be drawn from treasuries on contract certificates (P. W. D. Form 24) passed by the Amildar and countersigned by the Deputy Commissioner.

(5) The following new heads will be opened in the Treasury Accounts on the disbursement side:—

"V. Local and other Funds—9 Irrigation Cess Fund.....District and
W (A) Advances—22 Departmental Advances.
(*e*) Charges for works recoverable from raiyats under Tank Maintenance Rules since July 1918."

The Bills drawn from Treasuries, which will be serially numbered (separately for each work), should indicate the detailed head or heads of Account to which they should be charged in the Treasury Accounts (whether to "Irrigation Cess Fund" or to "the Advance head" or partly to both). The payments made at Treasuries will be recorded in a subsidiary register in Form C (enclosed). The recoveries from raiyats, in respect of works executed by both the Revenue and Public Works Departments, will be credited under "W. A. Advances 22 (e) Charges for works recoverable from raiyats under Tank Maintenance Rules since July 1918" in the Treasury Accounts and will be recorded in a Subsidiary Register in Form 119, Mysore Civil Account Code, Vol. II. The challans should contain reference to the sanctioned estimate and date of completion of work. Copies of the subsidiary registers, with the connected vouchers and challans, will be sent to the Account Office with the monthly accounts.

(6) In the case of estimates sanctioned by the Deputy Commissioner and Government, a completion report (P. W. D. Form 95) for each work will be prepared and sent to the Deputy Commissioner for scrutiny and transmission to this office. With regard to other works, a monthly list of works completed (P. W. D. Form 97) will be sent to this office through the Deputy Commissioner, before the 10th of the succeeding month. The report and the list should contain a certificate that the outlay incurred has been taken to the D. C. B. Registers of the Taluk and District Offices and action has been taken for its recovery from the raiyats.

(7) As, under the revised procedure, outlay will be incurred by both the Revenue and Public Works Departments, it is necessary that in the D. C. B. Register (*vide* page 141, District Office Manual, Part II and Appendix I, Mysore Taluk Manual, Part II), the transactions pertaining to works executed by the Revenue Department and those relating to works carried out by the Public Works Department, should be recorded on separate pages. To enable the District Office to post the D. C. B. Register, the Treasury will send to the Deputy Commissioner one copy of the subsidiary registers of receipts and payments. A monthly plus and minus memo (by taluks), in Form D (enclosed), duly verified with the Treasury Accounts, will be sent by the Amildar to the Deputy Commissioner before the 5th of the following month, for scrutiny with the entries of the subsidiary registers received direct from the Treasuries and with the postings in the D. C. B. Registers maintained in the District Office. The Deputy Commissioner will prepare a consolidated plus and minus memo (by taluks) in the same form and transmit the same to this office before the 10th of the following month, after verification with the District Treasury Accounts.

2. The required P. W. D. Forms may be obtained from the Government Press on indents.

Messrs. M. S. Mohiyuddin, K. Srinarasimhaiya, K. Krishna Rao and C. R. Narayana Rao wrote letters regretting their inability to attend the meeting of the Text-Book Committee.

I. Reports for 1927-28 *of the Text-Book Committee and of its Sub-Committees.*

Mr. Kalami said that some effort should be made to translate into Urdu the Kannada books on Free-hand Drawing, Business Organisation, Artificial Flower Making, Social Life and Hindudesada Charitre, parts 1 and 2.

The President promised to take up this question very early.

Mr. Kalami's suggestion that the gist of the discussions should be reported in the proceedings was noted for future action.

Mr. K. H. Ramaiya referring to the Annual Report of the Religious and Moral Instruction Sub-Committee said that there should be some kind of Religious and Moral Instruction in Schools. He suggested that qualified persons like the Swamis of the Ramakrishna Mission might be requested to lecture at least for half an hour every week to students in all the schools.

Mr. D. Venkataramaiya replied that the Board of Education had formulated a scheme on the subject and that the Religious and Moral Instruction Sub-Committee had given its opinion thereon recently.

The Secretary said that the Board of Education had arranged for the preparation of text-books on Religious and Moral Instruction and that the matter might be allowed to lie over till these books were published.

The President said that he would take up the matter very early.

In reply to the question of Mr. S. G. Sastry and Miss. M. L. Butler, the Secretary stated that the manuscripts sent by Miss. M. L. Butler had been returned by the Religious and Moral Instruction Sub-Committee with the remark that it was impossible to accept the manuscripts until the completely written work was made available.

After a few questions of Mr. B. Venkatanaranappa were answered, the Report on the work of the Text-Book Committee for 1927-28 was unanimously adopted.

II. Study of a book on Mysore History, etc., in the schools.

The Special Committee appointed by the Text-Book Committee to examine the question had submitted its report which was published as Appendix C of the Secretary's Report.

Mr. Kalami suggested that it would be better, if these books could be in the form of Readers in Kannada and Urdu. Mr. B. Puttaiya wanted the subject matter to be the same in all the three books, but the treatment should vary with the standards. Mr. B. Venkatanaranappa pointed out that it was not possible to include all the subjects in the limited space allotted for each book. Mr. R. Jagannatha Rao said that there was inconsistency between paras 4 and 6 of the report and wanted to know whether the proposed book should replace the History and Geography book now taught in the Primary Schools. Mr. M. Venkatesa Iyengar stated in reply that Mysore History and Mysore Geography now taught would be superseded by History and Geography of Mysore given in this book plus portions in Indian History.

Mr. Kini wanted to know whether this subject was to be a subject for the examination and whether the medium of instruction in this subject would be English, as per Government Order in respect of instruction in High Schools.

Mr. Venkatesa Iyengar said that since it was not an examination subject, the same might be taught in Kannada and even the Government Order could be modified.

There was some discussion as to whether this should be made an examination subject and whether the subject should be taught in Kannada or English in the High Schools, in which Dr. S. P. Chinnappa and Dr. M. A. Sampathkumaran and Messrs. B. Venkatanaranappa, K. N. Kini, K. H. Ramaiya, B. Puttaiya, H. K. Veerabasavaiya, Aga Abbas Shoostery, S. G. Sastry, K. Sampathgiri Rao, M. Venkatasubbaiya, R. Jagannatha Rao, M. Venkatesa Iyengar and Miss. C. E. Parsons took part.

The President put to vote the proposition whether this should be made an examination subject. Twenty members voted for the proposition and 11 were against it.

Then the language in which it should be taught in High Schools was considered.

Mr. Kini wanted that Kannada should be the medium of the instruction in this subject for High School Classes also. Mr. S. G. Sastry invited the attention of the Committee to Mr. C. R. Reddy's Convocation Address, wherein he advocated the teaching of some subjects in the University in the Vernacular.

At this stage Sri Srirangamma suggested that biographies of women also might be added. The phrase "Biographies of men" in the syllabus was permitted to be changed into "Great Personages."

It was resolved unanimously that the medium of instruction, with regard to this subject be Kannada and Urdu in Primary, Middle and High School Classes.

The President then asked the Committee to consider whether the work of preparing these books should be entrusted to one person or a Board of Editors. After some discussion, it was unanimously resolved that a Board of Editors consisting of specialists in different subjects and Kannada Scholars be appointed to prepare these books, under the supervision of a Chief or General Editor and that other details of the scheme be left to the Department for action.

III. Resolution No. 3 adopted at the last Annual Meeting of the Text-Book Committee and the opinions of the several Sub-Committees thereon.

"That in the Publication of books for being prescribed as text books in future, special attention be paid to freedom from mistakes of all kinds, neatness of get-up and provision for a sufficient number of neat illustrations where they may be necessary, undue importance to cheapness in prices being avoided."

The opinions of the several Sub-Committees on this resolution were published as appendix D in the Secretary's Report.

The President pointed out that most of the members were in favour of the recommendations of the several Sub-Committees and promised that the department would, as far as possible, act according to these suggestions, at the earliest possible opportunity.

IV. Revision of the form of review of books received for patronage.

The President invited the attention of the Committee to the opinions of the several Sub-Committees on this topic and said that since all except two of the Sub-Committees had approved the form of review as revised by the Kannada Sub-Committee with the addition of another head, "Name of the Author," might be adopted in future. This was agreed to.

V. Report of the Publications Committee.

The President pointed out that the recommendations of the sub-committee were mainly two :—

(*a*) Handing over the publication of text-books to private enterprise and

(*b*) Revision of departmental text-books and preparation of new books.

He suggested that the first recommendation related to a matter of policy and might be left to the Department and the Government to decide. With regard to the second recommendation and the best method of giving effect to it, Mr. D. Venkataramaiya emphasised the necessity for the appointment of a Board or a Committee attached to the office of the Director of Public Instruction (i) to revise the departmental publications from year to year and (ii) to review manuscripts, etc., in consultation with experts or the sub-committees of the Text-Book Committee when received in response to advertisements.

The President enquired if it would not meet the situation if the Text-Book Committee approved lists of books to be revised or to be prepared afresh and left it to the Department to carry out their recommendations.

Mr. S. G. Sastry agreed and suggested the whole work might be left to the Department and that no Committee be appointed for the purpose. This was opposed by Mr. B. Venkatanaranappa as that would be very unsatisfactory. Miss C. E. Parsons suggested the appointment of a Special Committee of 10 experts to constitute a Standing Committee. Mr. Jagannatha Rao complained that the departmental text-books had not been revised for the last 15 or 20 years, and wanted that arrangements should be made for getting our publications revised every three or five years by the author himself, whenever possible, so that the departmental text books might be thoroughly up-to-date. He expressed his opinion that no committee would do the work. The President suggested the appointment of a standing reviser for each book. Mr. R. Jagannatha Rao wanted a paid reviser, so that there might be a continuous agency preferably of the author, which would result in automatic revision before publication. Mr. S. G. Sastry said that the Department must modify the complaints and suggestions received from several persons including Inspecting Officers and teachers, regarding the departmental books and effect improvement in the next edition of these books. He also stated that since a person was not interested in the book of another man, the book when revised must be entrusted to the author himself whenever possible.

Mr. R. Jagannatha Rao in agreeing with Mr. S. G. Sastry proposed that the Secretary of the Text Book Committee should send such collected suggestions to the standing reviser. The President requested Mr. R. Jagannatha Rao to give a note on this subject, for consideration before the next meeting.

It was resolved that a Committee of five be appointed to arrange for the revision of the departmental text books now in use and for the preparation of new books, and that this Central Committee be attached to the Office of the Director of Public Instruction.

The President said that the Committee might also give a programme of work and also suggestions on the Report of the Publication Committee.

VI. Reprinting a three years' supply of Departmental Publications at a time and the opinions of the sub-committees.

After some discussion, the policy of reprinting a three years' supply after revision was approved by the general body, in view of the various facilities and cheapness in prices, etc.,

Mr. B. Venkatanarappa's propositions were then taken up one after another.

VII. Mr. B. Venkatanaranappa moved his first proposition:—

"That the Government be requested to have all the Kannada Text Books intended for school children up to and including the Lower Secondary Standard prepared afresh or suitably revised by Government Agency, with a view to ensure (1) proper standard, (2) uniformity of language, (3) freedom from mistakes of all kinds (4) nice get-up with really good illustrations and (5) cheapness in price and that in the interests of sound education, the practice of throwing open the publication of such books for competition by private agency be requested to be discontinued."

Mr. B. Venkatanaranappa pointed out that the Department seemed to be anxious to encourage private enterprise in the publication of text-books, and said that would lead to undesirable results. As an illustration, he instanced the attempt to replace the Departmental Balabodhe by a private venture, which was distinctly inferior to the former. It was highly imperative that in the lower classes we gave the pupils the very best text-books.

Mr. S. G. Sastry seconded the proposition.

Pandit Srinivasaragavachar suggested (in Kannada) certain improvements in the publications of the readers. He said there were some mistakes which should be corrected. The lessons would be more interesting to the students, if they were written in a story form. They should be revised and published after due corrections.

Mr. D. Venkataramaiya said that more than the content, the form is not uniform. Kannada books should be referred to the Chairman of the Kannada Sub-Commitee to suggest improvements in form. These books should not be thrown open to private agency at all.

Mr. M. Venkatesa Iyengar said he voted for Mr. B. Venkatanaranappa's proposition though he did not agree with his arguments. These books should be revised and graded under the guidance of a Central Agency, *i.e.*, the Department, and should not be given to private agencies, which question might be taken up later on.

Mr. K. H. Ramaiya wanted the matter to be referred to the Committee to be appointed.

The proposition was accepted and was left to the Department to take action in the matter.

VIII. Mr. B. Venkatanaranappa's second proposition:—

"That the Director of Public Instruction be requested to employ in his office a competent full time Editor and proof-reader who is recognised to be a scholar in Kannada and who possesses a good working knowledge of English."

In support of his proposition, Mr. B. Venkatanaranappa gave the example of a prescribed text that had not been properly prepared for the press and had not been printed correctly.

Mr. Shoostery seconded the proposition.

Mr. D. Venkataramaiya wanted to know what exactly were the functions of the Editor and Proof-reader.

Mr. R. Narasimhachar said that he had served as Kannada Translator in the Educational Office and used to edit text-books. He condemned the proposition.

Miss C. E. Parsons suggested that the Kannada Translator should be added on to the Board of five proposed.

Mr. D. Venkataramaiya agreed.

Mr. M. Venkatesa Iyengar objected to an Editor being forced to go through the proofs

Mr. B. Venkatanaranappa failed to understand the undesirability.

Mr. M. Venkatesa Iyengar argued that it was very wrong to ask the Editor of the type proposed to read the proofs. The Editor could give the correct copy, and somebody else should read the proofs. He also depricated the Editor being given arbitrary powers in regard to standardisation and said that standardisation was not fair to the world of authors.

Mr. H. K. Veerabasavaiah pointed out that the Proof Reader could not know all the subjects on the face of the earth, and should not sit in judgment over experts.

Mr. S. G. Sastry feared that the Editor might spoil the beautiful books written by other authors.

Mr. B. Puttaiya suggested that an editor should be appointed, separate from the Proof-reader. A Committee might be entrusted with the work of suggesting improvements in the form.

Mr. K. H. Ramaiya thought that an Editor in the Department of Public Instuction was very necessary.

The proposition was modified as follows, and passed as amended :—

"That the Director of Public Instruction be requested to employ in his office a competent full time editor, who is recognised to be a scholar in Kannada, and a Kannada proof reader who possess a good working knowledge of English."

IX. Mr. B. Venkatanaranappa's third proposition :—

"That before finally recommending any book to be prescribed as a text-book by any sub-committee, it should be made obligatory that at least one of its members shall certify (1) that he has read the book from beginning to end and (2) that it is free from objectionable or undesirable passages and (3) that it is of the required standard ;" and said that a certificate of the kind that was made in the Girls' Education Sub-Committee report should be made in the proceedings of all the other sub-committees.

The President said that it was being done in all cases.

The Proposition was not pressed.

X. The fourth proposition of Mr. B. Venkatanaranappa :—

"That for the Middle School and the Lower Secondary Examinations, the practice of prescribing a fresh text-book every year, in languages be given up and that instead suitable readers be prescribed for a definite number of years."

Mr. B. Venkatanaranappa introduced the proposition with the following remarks :—

Mr. B. Venkatanaranappa introducing his proposition failed to understand the need for a new text every year, and considered that the retention of the same book would be a great help to failed candidates.

Mr. Shoostery seconded the proposition.

Mr. D. Venkataramaiya pointed out that so far as the English books were concerned, the present practice was to prescribe one book for a peroid of three years continuously in the non-examination going classes both in the Middle and High Schools, and in the case of examination-going classes, the books are changed year after year.

Mr. K. H. Ramaiya was in favour of the books being continued for a peroid of three years. The books in Kannada, Urdu and English should be prescribed for three years at least continuously.

Mr. Davud considered that students would have a wider knowledge by reading different books. Hence it was better to change the books every year.

Mr. R. Narasimha Char said that, with regard to the examination, the books should be changed.

Mr. S. G. Sastry opposed the proposition, as it would cause hardship to the world of authors.

Mr. B. Puttaiya considered that readers would give sufficient variety.

Mr. R. Jagannatha Rao pointed out that this question in both its aspects was considered by the Local Examinations Board and as a result, it was resolved that the text book should be changed every year.

Mr. H. K. Veerabasavaiya said that there should be scope to change the text-book every year. For the examination going classes, there should be a change every year in the text-books in Kannada if not in English.

Mr. B. Venkatanaranappa in replying said that a book of selections might be prescribed and portions may be set for each year. He amended his proposition, so as to read "That it be a recommendation of the Text Book Committee to the Local Examinations Board that for the Middle School and the Lower Secondary Examinations, the practice of prescribing a fresh text-book every year in languages be given up and that instead a suitable book of selections be prescribed for a definite number of years."

The proposition as modified was passed.

The Committee adjourned for lunch at 2-45 and reassembled at 3-30 P.M.

* * * * *

XI. The subject that was placed for consideration by the T. B. C. was "The desirability and the feasibility of bringing under the control of the Education Department, the use by school children of "Notes" and "Made Easies" published by private agencies on almost all the subjects prescribed for the several classes up to and including the fourth year Middle School Class."

Mr. B. Venkatanaranappa placed on the table a number of such notes, and pointed out the manifest evils of their use, and asked the Committee to deal with the situation.

The President asked for suggestions to grapple with the evil.

Sri Srirangamma suggested that (1) teachers were not doing their duty properly and recommended the appointment of efficient teachers; and that (2) the head masters should be asked to discourage the students from using these notes.

Mr. R. Jagannatha Rao demurred to the suggestion that the evil was the result of the inefficiency of teachers.

Mr. B. Puttaiya suggested that these writers should obtain permission of the Department before publishing the notes.

The President doubted if the suggestions were practicable. Notes could be written elsewhere and imported.

Mr. H. K. Veerabasavaiya feared that no control was possible over private publishers.

Dr. M. A. Sampathkumaran suggested that the department might supply the schools themselves with as many number of copies of text books, as there were students, and ask the teachers to purchase the books directly from the Depot and so prevent the attempt to force the notes on buyers of text-books.

The President considered this would affect the sales by agencies.

Mr. Venkatasubbaiya suggested the inclusion of brief notes in the text-books themselves.

Dr. K. N. Kini pointed out that parents were a party to purchase of notes. In some cases, parents encouraged their boys to purchase notes, so that they might pass the examination easily. The Department could only make strict rules that our teachers should not be a party to the purchasing of these notes, by the students.

Mr. K. H. Ramaiya asked why the Co-opertive Societies should not sell the text-books instead of agents.

Mr. D. Venkataramaiya pointed out that some of these notes-writers were teachers themselves, which should be prevented. What could be done was to request the Head Masters and teachers to prevent the purchase of notes by their students. The Departmental officers could, during their inspection discourage the use of notes.

Mr. Kalami asked if the Government could not pass a Law to check the publication of such books. There was some such law to prevent books of an objectionable kind published overseas being imported into India.

Mr. H. K. Veerabasavaiya said that if there was a publication, which was against public policy, only that could be prevented from being used by the public.

The President here requested Mr. B. Venkatanaranppa to give his suggestions.

Mr. B. Venkatanaranappa replied that the Department should take the earliest opportunity to improve our text-books. It must purchase a copy of each of the notes and keep it in the Educational Library, and the Department should supply these notes for the Examiner. The examiners should be acquainted with these notes and so set their questions as to defeat the objects of the writers of those notes. Another thing that might be done was to publish a set of notes by the Department for teachers' use along with the Departmental books.

The President said that the question might be taken up for consideration at the next meeting, and the Committee meeting came to a close.
